Lynn and Vince,

Attached are the final drafts for the inorganic arsenic cancer assessment. This draft includes the revisions made in response to SAB 2011 recommendations and public comments, **Deliberative Process / Ex. 5** **Deliberative Process / Ex. 5** in this email I am sending the track changes word version for the Tox Review and IASD Fact sheet and in part 2 of this email I will send the corresponding pdf versions.

These documents represent a lot of hard work on behalf of many people here in NCEA. Amazingly, most of them still have a smile on their face. Congratulations John Cowden.

Best Regards,
Reeder
